Here's the info on the Silverton meeting Thursday Sept 27 and the official request for Sean to speak.

The meeting on Sept 25 is the Animas River Stakeholder meeting and the rumor is they are loading buses in Durango to drive up and it's at the Town Hall at 6:30. BLM and other agency reps are not planning to attend due to contentious nature of event.

Hello Trevor

I discussed with Shaun McGrath today about setting up a public meeting for the Silverton, San

Juan County community.

Thursday August 27th at 6:30 pm at Silverton Town Hall would be an appropriate time. Shaun requested that I submit the inquiry through the official channels via the Unified Command.

The goals for the meeting:

1) An update on the Gold King, Red and Bonita Project. Briefing the community on current progress and the plans for winterization Steve Way Project Manager

2) Funding mechanisms for long term reclamation of acid mine drainage in Upper Cement Creek. Addressing community concerns and presenting options Shaun McGrath or Martin Hestmark.

Shaun mentioned possibly bringing in some other personnel to help educate the community about the different programs so they can make an informed decision.

thanks

Jim
